Receive 816,480 Feet of Logs in 12 Days.

For the 12 days ending Saturday night there were drawn to the Hanson mill yard in Barton an average of 81 loads of logs every day. The scaling shows that the average load contained 840 scale feet of logs making a daily average of 68,040, or the total for the 12 days of 816,480 feet of hard and softwood logs.

It is doubted whether so many logs were ever drawn into this village before in 12 days, or ever will be again. These figures show that there was a million toward a million feet of logs drawn in two weeks.

Mr. Hanson says his stock will go well beyond the 2,000,000 feet figure, a stock no one predicted it was possible to find in this vicinity.

LEGISLATIVE DOINGS

Patrol Highway Bill Dead. Will Investigate State Expenses.

The house killed the elaborate highway bill drawn by the patrol committee last week without a single vote in its favor. Considerable talent spoke for it at the hearing but it gathered no favor among the legislators.

The senate has placed itself on record as favoring an investigation of state expenses and asks for a joint committee to go into the matter thoroughly.

Whether or not it will be necessary for the state to make a bond issue to meet the added expense of extending state pay to drafted men and to women in the military or naval service of the United States, as provided by H. 214, passed by the House, is a question which is occupying the minds of many legislators. If this bill becomes a law, as seems highly probable, it will mean an added expenditure on the part of the state of close to one million dollars.

From all indications the budget will not be very small this year, without this extra expense, and there is a strong feeling among the lawmakers that it would not be well to try to pile on such a heavy tax as would be necessary to take care of this million dollar appropriation at this time. It is felt by many that "business as usual" must be maintained, and that a bond issue is the only solution of the problem, if the state would be kept out of serious difficulties.

Gov. Clement has appointed Harvey W. Varnum, of Jeffersonville, as senator from Lamoille county, to succeed Melville P. Maurice, resigned. Mr. Varnum is a Democrat. He was born in the town of Danville and located in Jeffersonville in 1875, and has since resided there. He is a quarry owner by occupation, being a member of the firm of Butwell, Milne & Varnum, with offices and quarries in Barre. Mr. Varnum was educated at St. Johnsbury academy. He served on the state building commission under Governor Graham. He has done more or less work as a contractor, having been in charge of building the dam for Lake Lamoille at Morrisville.

After more than an hour's discussion, in which Orleans county men took part, the house advanced to a third reading H. 76, known as the "mule bill," relating to the importation, testing and examination of cattle, horses and mules. This bill was reported by the committee on agriculture during the early part of the session. It has been the subject of much discussion, several hearings, public and private, and a thorough threshing over in the house.

Mr. Dwinell of Newport City opposed, if another bill relative to indentured labor is to be introduced. Mr. Orton of Walden moved to amend the bill, relative to age of testing calves. Mr. Connal of Newport Town, opposed the amendment. The house refused to adopt amendment. Mr. Connal spoke the third time on the measure.

It was inquired of the committee why this bill could not be amended to take care of the indentured labor. Mr. Connal of Newport Town explained the position of the committee, that the passage of this bill was needed first. Mr. Sweet of Lowell moved the previous question and that debate cease, which was agreed to.

The bill which provided for a raise in the salary of the county clerks of three counties, including Orleans, has been killed by the senate.

Mr. Calkins of Westmore has introduced by request a bill to permit the taking of crabs in the waters of Willoughby lake in the town of Westmore. May be taken between May 1 and October 1.

make their supper equal those which the ladies have served in the past. The menu will also provide a short program. The public is invited. Price, 25c.

On the evening of Wednesday, Feb. 26, there will be a concert and dance in Seaver's hall by the glee and mandolin clubs of Norwich university as advertised elsewhere in this issue. The Norwich students gave a splendid concert here two years ago and will undoubtedly receive good patronage again.

The following officers were elected Feb. 14 in Crystal Lake Camp No. 11068, M. W. of A.: Consul, A. E. Wakeman; adviser, A. A. Larabee; banker, F. H. Comstock; clerk, A. E. Berry; escort, M. W. Brunning; watchman, Will Brooks; sentry, Clayton Wilson; physician, J. M. Blake; trustee three years, Ezra Brown; two years, F. S. Whitcher; one year, W. W. Reiden.

Few voters were out to the special school meeting warned for Monday evening to see if the incorporated district would accept certain real estate from the town district in order to make the line more equitable. The question was thoroughly explained and no votes were cast in opposition to the plan. Through error in the warning one parcel of land was omitted and another meeting is called for next Monday evening to properly fix this matter.

Malcolm Buck, son of Mr. and Mrs. F. R. Buck, arrived home Sunday morning, having received his discharge from the army. Mr. Buck was in France about a year and received a face wound which resulted in the loss of an eye. Malcolm says he is glad to be home, having experienced enough war for some time. He will tell his experiences Sunday evening in the Congregational church at 7 o'clock, the regular preaching service hour.

Tribute to a Barton Boy.

The December issue of "The Barrett Trail," a magazine published in the interests of the Barrett company, who have plants in several United States cities, and in Canada, has the following regarding Karl A. Emerson, son of Mr. and Mrs. F. A. Emerson, who live on the Willoughby lake road, and whose death was noted last fall:

"Since the last issue of 'The Barrett Trail' we have lost one of our most promising men, Karl A. Emerson, who died of pneumonia Oct. 20th, after an illness of ten days. Mr. Emerson was a graduate of the University of Vermont and came with the Montreal organization in July, 1916. Previous to that time he was engaged for several years after graduation in high school work in Vermont. He was successful with the company from the start and it soon was recognized that his abilities were unusual and above the average. For the past two years he has been assistant to the manager of the Montreal office.

"To but few men comes the peculiar popularity which was Mr. Emerson's. With a quiet, dignified manner, tempered by a personal atmosphere of honest, undemonstrative friendship for everyone, he soon forced absolute confidence and admiration from all with whom he came in contact; absolutely clean in thought and motive, his character was an inspiration to his friends and acquaintances. Nothing but the best could possibly come from such a make-up. A deep thinker, a great reader and an enthusiastic worker, he attained in a remarkably short time a very unusual grasp of the many problems of the business. He was recently married to Miss Helen A. Slapp of Hardwick, a former classmate of high school days.

"It is difficult to express to Mrs. Emerson and to the parents, the real sympathy of Mr. Emerson's many friends."

The meeting of the Afternoon Study club and the "Children's Afternoon" was held at the vestry of the Congregational church, Thursday, Feb. 13. As there was no program prepared for this meeting the ladies enjoyed a social time, and about 80 children from the first three grades of school, with their teachers, were present. The committee assisted by the teachers entertained the children with playing games for about two hours. Refreshments consisting of ice cream and cake were served.

The February social evening of the Barton Improvement club was held at the club rooms Friday evening, Feb. 15. About 75 were present. The program was arranged by C. H. Blood, chairman of the committee for this month, and was most enjoyable. A male quartet made up of Rev. M. A. Turner, H. G. Perley, A. G. Owen and F. S. Whitcher gave two selections, the Schubert club rendered orchestral music, Mrs. Ruth Webster and Miss Marion Redfield sang two duets, Mrs. M. A. Turner read two selections and every number was excellent and received much applause. Rev. W. A. Warner told several stories. Sugar on snow was served.

On Feb. 11th, the regular meeting of the W. C. T. U. was held with Mrs. P. L. Webster with nine members and five visitors present. After the meeting was called to order the president read the 19th Psalm and Mrs. J. W. Millar offered prayer. Roll call was answered with each member reading from "The Christian Patriot." Frances E. Willard, Reading, "Prohibition," Mrs. W. H. Gilpin; reading, "The Frances E. Willard Memorial Fund," Mrs. J. A. Pearson; reading, "Text of Proclamation Making National Day," Mrs. Zuzar Hanson. Mrs. H. R. Guter read a short sketch from Frances Willard's book, "Glimpses of Fifty Years." The meeting closed with the benediction.

Olin E. Roundy.

So many readers of this paper have known O. E. Roundy, who died at Lyndonville February 7, that the following regarding his life is copied from the Lyndonville Journal:

Olin E. Roundy passed away at his home on Main street, early last Friday morning, after a brief illness of pneumonia. He was taken suddenly ill on the evening of Tuesday, January 28, and grew rapidly worse, pneumonia developing on Friday. His sister, Mrs. Juliet Doyle, of St. Johnsbury, who has kept house for him, and looked after his comfort most faithfully since the death of his beloved wife, last September, was with him, and his one other sister, Mrs. Viola Mears, and husband, of West Burke, were visiting him at the time, and both remained to help care for him. His only child, Mrs. Philip Rublee of Newport, was sent for at once, and was with him to the last, and Mr. Rublee has been there during the greater part of the time.

A trained nurse, Miss McCarthy, of St. Johnsbury, took charge of the case from Saturday until the end came, and his physician was Dr. A. Cheney. Mrs. Farmer of St. Johnsbury and Leonard of this place were called in council, but nothing could save him.

Olin Ellsworth Roundy was born in Sutton, February 4, 1866. He

Mrs. Laura E. Rand.

In addition to the information regarding Mrs. Rand printed last week the following is printed:

Mrs. Laura E. Rand, youngest daughter of the late Rev. Lewis and Olive Hill of the Vermont Conference, died suddenly February 7th, at the home of her daughter, Mrs. Nettie Rand Miller and of her sister, Mrs. Janette Hill Knox, Stoneham, Mass., aged 66 years.

Mrs. Rand was stricken with an incurable disease some months ago, and after two months at the hospital in St. Johnsbury, was brought by her daughter to her home in Stoneham. Everything that medical skill and the care of her loved ones could do was done for her, but she died of heart failure after brief unconsciousness.

Her home had been in Barton for many years. She and her husband spent a few years in Kansas, but the greater part of her life was spent in her native state. She was born in Gaysville.

Mrs. Rand was a woman of remarkable energy. During her whole life she was eager to help those in need of help, and thoughtful for those who were in sorrow or trouble. She was greatly devoted to her family.

She had been a member of the Methodist Episcopal church for many years. A brief service was held in Stoneham, conducted by Rev. Emig, and the funeral was held in Barton, Feb. 10. Rev. Johnson, a former pastor, and Rev. Turner, pastor of the Barton M. E. church, officiating. The Eastern Star, of which she was a member, attended the funeral in a body.

She leaves two daughters, Mrs. Nettie Rand Miller of Stoneham, Mass., Mrs. Ethel M. Miles of Barton, three grandchildren, Olive J., Fred Rand, and Marguerite A. Miles, one sister, Mrs. Janette Hill Knox, two nephews, Edward and Harry Hill of Indianapolis, and a host of friends to mourn her loss.

County R. F. D. Men Meet Saturday.

A meeting of the R. F. D. men of Orleans county will be held at Irasburg Saturday forenoon at 10 o'clock. There will be a short literary program. This is the 15th annual meeting and plans will be made for entertaining the state convention which is to be held in Barton next fall.

Harry H. Gilman.

Harry H. Gilman, 65, died at Brightbrook hospital, St. Johnsbury, where he had lived for more than a year, Friday night. He was born in Westmore and for 22 years previous to ten years ago, he and Mrs. Gilman conducted the Willoughby house at Lake Willoughby. Mrs. Gilman, who was Ellen Hopkins of Cabot, died nine years ago.

Mr. Gilman's funeral was held on Tuesday forenoon in the Congregational church at Barton, Rev. W. A. Warner officiating. He leaves two brothers, Myles S. of St. Johnsbury and Horace of Lakeport, N. H., and three sisters, Mrs. W. E. Lynch of Fitchburg, Mass.; Mrs. Lewis Rash of Orleans, and Mrs. Martha Smith of Barre.

Mr. Gilman was a member of the E. P. Lodge at Orleans. He had represented Westmore in the legislature and had held nearly every town office. Mr. Gilman was a man well liked and much respected. Burial was in the Westmore cemetery.

Hon. Homer H. Somers.

Through death Orleans county has lost one of its best-known citizens, when on the evening of the 15th, Hon. Homer H. Somers of 97 Autumn street, Newport, died.

He was born in Starksboro, Jan. 1, 1847. With his father's family he moved to Irasburg, in March, 1854, where he lived as a prominent farmer and highly esteemed citizen for nearly 60 years. In 1910 he retired from farming and made his residence at Newport.

Mr. Somers rendered distinguished service to the town of Irasburg by filling with honor and zeal many public offices. He acted as trustee and adjudicator of some 40 estates. In 1888 he represented his town in the state legislature, and in 1905 was elected state senator from Orleans county. For over 20 years Mr. Somers was president of the Barton Fair association, building the organization up to great prominence in the state and to large financial success. For many years he was the promoter, secretary and treasurer of the Irasburg Cheese Factory Co., the success of this enterprise brought rich returns to the farmers of the town.

Ex-Senator Somers was an enthusiastic Mason, and was a member of Central Lodge No. 62 of Irasburg for 50 years, lacking four months. He was an honored past master and district deputy of the lodge. His genial optimism, his splendid spirit of cheer and his warm human sympathy amplified the white triangle of the order in Faith, Hope and Charity. The song of his heart was:

"Let none be comfortless, let none despair.
Lo, 'round the black, the white ash-lars are!
Stand by each other, dark fortune defy,
All these vicissitudes end by and by."

Mr. Somers was a staunch Republican in politics. An aggressive worker and ardent advocate of the ideals and principles of Lincoln. Though strongly upholding party issues, he was liberal in his concessions to the political views of others. The generous attitude of mind won him popular favor among politicians of the entire state.

One of the superb qualities of character in Mr. Somers was his whole-souled friendliness, generous spirit of giving and cordial good will. These made him an ideal neighbor and friend.

His funeral eulogy was delivered by Rev. Wilmond A. Warner of Barton, who paid a most eloquent and tender tribute to the long years of personal and public services of the deceased. Services were in the East Side Baptist church. Mr. Somers leaves a wife, Clara V. Somers and four children, 1st Lieut. Henry E. Somers, still in the service in France, Mrs. Delmer E. Croft of New Haven, Conn., Mrs. Benj. C. Brown of Watertown, N. Y., and Mrs. Harold C. Berry of Bellows Falls.

The members of the Central Lodge, No. 62, of Masons, attended the funeral in a body, conducting the funeral in a body. Music was rendered by a male quartet, which sang with impressive effect favorite selections. Interment was in the family lot in Irasburg cemetery.

The familiar figure of Mr. Somers will be greatly missed in the towns of Orleans county where he has been often seen. His life remains rich in years and deeds.

"Life's course, well run,
Life's battle, well won,
Life's work well done,
Now cometh rest."

Card of Thanks—To all friends, who extended their kindly sympathy and helpful service; and to the members of Central Lodge, No. 62 of Masons, for their impressive service, and to all for their gifts of flowers. We extend grateful thanks.

Mrs. Homer H. Somers and family.

Real Riches.

He who has fortune in love and truth and beauty is entitled to be called rich. Time and change and adversity have no power upon them. They are the only things a man can take with him when he goes. In the process of acquiring them they become part of him inseparably. He who has them "wears his commendation in his face," for it may be read as he passes that his converse is with the higher and finer things and his daily walk is on the plane where the noblest meet and greet familiarly.—Philadelphia Public Ledger.

FARM BUREAU NOTES.

Community Meetings Held. Dairy Survey Planned.

Six different communities held Farm Bureau meetings this past week. At Greensboro, considerable interest developed in the egg-marketing proposition and it is not at all unlikely that a cooperative Egg Circle will be organized if enough of the people will agree to market their eggs through the circle for at least one year's time. Mrs. H. H. Haines, who is a member of the Farm Bureau community committee in Greensboro, is looking after this work and has made arrangements whereby several of the local poultry raisers will pool their product and ship a case of eggs this week. These eggs will be candied and graded in order to obtain as high a price as possible.

At Craftsbury about 20 farmers were present. Some of the boys from the academy also attended to hear Mr. Camburn talk on cooperative bull associations and Mr. Smith on poultry. One of the boys reports that shortly after the last meeting he culled the flock of hens on his farm and that the hens have increased in egg production from two eggs per day to eleven.

At South Albany considerable interest was shown in cooperative bull associations and
